ATTENDANCE POLICY

Regular school attendance is an important ingredient for students' academic success. Beginning with the 2017-18 school year, several changes take effect in the attendance policy due to a new state law, House Bill 410.

The following is a brief description of the requirements of the new law and the guidelines that Benjamin Logan Schools will follow when communicating with families concerning student absences.

Benjamin Logan School District Board Policy 5200

	Consecutive hours	Hours per school month	Hours per school year
Habitual Truancy	30 <i>without</i> legitimate excuse	42 <i>without</i> legitimate excuse	72 <i>without</i> legitimate excuse
Excessive Absences	---	38 <i>with</i> or <i>without</i> legitimate excuse	65 <i>with</i> or <i>without</i> legitimate excuse
Chronic Absenteeism	---	---	10% <i>with</i> or <i>without</i> legitimate excuse

Benjamin Logan Schools will take several steps to engage the student and family. As a last resort, a complaint with the juvenile court will be filed.

When a student is excessively absent or habitually truant, the following will occur:

- The parent/guardian will be notified within 7 days of the triggering absence.
- The school will attempt to secure the participation of the student's parent/guardian on an intervention attendance team.
- The Attendance Team will select interventions at a hearing held at the school.
- The student will follow the plan for the absence intervention.
- The student/family may be referred to community resources.

Examples of legitimate excuses:

- Medical excuse (a written physician's statement will be required for the student)
- Death in the family
- Court Proceedings
- Good cause as may be acceptable to the Superintendent

When a parent, guardian, or other person having care of a student has failed to initiate a telephone call or other communication notifying the school or building administration of the student's excused and unexcused absence within 120 minutes after the beginning of the school day, the attendance officer or designee for each building shall make at least one (1) attempt to contact the parent, guardian, or other person having care of any student who is recorded as absent without legitimate excuse within 120 minutes after the beginning of each school day by a method designated by the Superintendent in accordance with Ohio law (see AG 5200).

ATHLETIC CODE OF CONDUCT

SECTION I All athletes should conduct themselves with pride and decorum at all times so as not to reflect discredit upon themselves, their coaches, or the school they represent. They should strive to live within the guidelines of the regulations of each sport and those of the school.

SECTION II Any athlete who has violated the Student Code of Conduct (Major and Minor Misconduct) or any additional rules established by their coach may be denied participation in athletic competition. Except as otherwise provided in Section III, the principal will determine the length of exclusion from participation, not to exceed one year.

SECTION III The rules and regulations identified within this document are to become effective on the OHSAA mandated first official day of practice for fall athletes and **August 1, 2020**, for every other student who wishes to compete in interscholastic athletics. Any code of conduct violation(s) committed by a Middle School student will be expunged upon entering High School. A High School athlete currently under athletic disciplinary action, may petition the High School Principal to have their disciplinary record expunged 18 months from the most recent violation of the code of conduct. The code is to remain in effect throughout the calendar year until the individual is no longer a student at the school or he/she is no longer a participant in any athletic program.

ATHLETES WILL BE DISCIPLINED AS FOLLOWS:

1st Offense-Denial of participation in 50% of the total scheduled games in current sport, or if not currently active, next active season. The athlete must show documentation of attendance at professional counseling. Failure to do so will result in the athlete losing eligibility for one (1) calendar year. Denial of participation with less than 50% of the season remaining will carry over into the next sport that the athlete participates in. The athlete must successfully complete this next sports season to fulfill the requirement.

Other than for sale or distribution, penalty may be reduced to 20% if the student athlete confesses the first time questioned by school officials. Denial of participation with less than 20% of the season remaining will carry over into the next sport that the athlete participates in. The athlete must successfully complete this next sports season to fulfill the requirement.

2nd Offense-Denial of participation in contests for one (1) calendar year; and an athlete must show documentation of attendance at professional counseling within the calendar year of removal. Failure to do so will result in the athlete being declared ineligible for all interscholastic athletics the remainder of their years enrolled in the Benjamin Logan Schools.

3rd Offense-Denial of participation in practices and contests for the remainder of the athlete's years enrolled in the Benjamin Logan Schools. Upon a student's third offense, no appeal process will be granted.

The sequence of violations of this code is to be accumulative in its consequences throughout the athlete's years of participation in athletics at Benjamin Logan High School.

AUTOMOBILES

All cars must be registered with the office. Students must park in their assigned spaces in the student parking lot. The identification tag must be visible in the front window when the car is on school grounds. No one is to be in a car during school hours. No student is to be in the parking lot during school hours without the permission of the principal or assistant principal. All cars are subject to random searches.

BULLYING POLICY

Harassment, intimidation, or bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes aggressive behavior, physical, verbal, and psychological abuse. The Board of Education will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property or while enroute to or from school, and those occurring off school property if the student or employee is at any school sponsored, school approved or school related activity or function, such as field trips or athletic events where students are under the school's control, in a school vehicle, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, District employees, volunteers, students, and community members as prescribed in R.C. 3313.666 and the State Board of Education's Model Policy.

Harassment, intimidation, or bullying means any intentional written, verbal, graphic, or physical act that a student or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental or physical harm to the other student(s) and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s). Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or mental wellbeing. This type of behavior is a form of intimidation and harassment, although it need not be based on any of the legally protected characteristics, such as sex, race, color, national origin, marital status, or disability. It would include, but not limited to, such behaviors as stalking, bullying/cyberbullying, intimidating, menacing, coercion, name-calling, taunting, making threats, and hazing.

Harassment, intimidation, or bullying also means electronically transmitted acts (i.e., internet, e-mail, cellular telephone, personal digital assistance (PDA), or wireless hand held device) that a student or a group of students exhibits toward another particular student(s) more than once and the behavior both causes mental and physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student(s).

Any student or student's parent/guardian who believes s/he has been or is the victim of aggressive behavior should immediately report to the building principal or assistant principal, or the Superintendent. The student may also report concerns to teachers and other school staff who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

Every student is encouraged, and every staff member required, to report any student situation that they believe to be aggressive behavior directed toward a student. Reports may be made to those identified above.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. The building principal or appropriate administrator shall prepare a written report of the investigation upon completion. Such report shall include findings of fact, a determination of whether of harassment, intimidation, and/or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included in the report.

If the investigation finds an instance of harassment, intimidation, and/or bullying has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

Retaliation, against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as the aggressive behavior. Making intentionally false reports about aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

If a student or other individual believes there has been aggressive behavior, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

The complainant shall be notified of the findings of the investigation, and as appropriate, the remedial action that has been taken. If after investigation, acts of bullying against a specific student are verified, the building principal or appropriate administrator shall notify the parent/guardian of the victim of such finding. In providing such notification care shall be taken to respect the statutory privacy rights of the perpetrator of such harassment, intimidation, and/or bullying.

If after investigation, acts of bullying against a specific student are verified, the building principal or appropriate administrator shall notify in writing the parent/guardian of the perpetrator of such finding. If disciplinary consequences are imposed against such student, a description of such discipline shall be included in the notification.

Complaints

Students and/or their parents/guardians may file reports regarding suspected harassment, intimidation, or bullying. Such reports shall be reasonably specific including person(s) involved, number of times and places of the alleged conduct, the target of the suspected harassment, intimidation and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the building principal for review, investigation, and action.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against who the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery and disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Reporting Requirement

At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the District web site. The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on school property, to and from school, or at school-sponsored events.

Allegations of criminal misconduct and suspected child abuse will be reported to the appropriate law enforcement agency and/or Child Protective Services in accordance with statute. District personnel shall cooperate with investigations by such agencies.

Immunity

A School District employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with this policy and R.C. 3313.666 if that person reports an incident of harassment, intimidation, and/or bullying promptly, in good faith, and in compliance with the procedures specified in this policy. Such immunity from liability shall not apply to an employee, student, or volunteer determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Notice of this policy will be annually circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of aggressive behavior, including bullying. The Superintendent or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines and aggressive behavior and bullying in general, will be age and content appropriate.

To the extent that State and Federal funds are appropriated for these purposes, the District shall provide training, workshops, and/or courses on this policy for school employees and volunteers who have direct contact with students. Time spent by school staff in these training programs shall apply toward mandated continuing education requirements.

CALAMITY DAY PROCEDURE

For the 2020-2021 school year, Benjamin Logan Schools is permitted to use three (3) days of online lessons in the event that school is closed more than five (5) days. Should school be closed, days six (6) through eight (8) student assignments will be provided through an online environment called Calamity eDays.

You should attempt to have your work completed upon returning to school. Should you not have online access; copies will be made for you. You will then have up to two (2) weeks to complete the assignments for credit. (Students will not be given class time to complete.)

In order to access the calamity day lessons follow these steps:

1. Assignments will be communicated via email or google classroom.
2. These lessons will be a continuation of the classroom learning.

CODE OF STUDENT CONDUCT

The items in the code are applicable to all students when properly under the authority of school personnel during a school activity, function, or event whether on property owned, rented, or maintained by the Board of Education or property owned, rented, or maintained by another party. Additionally, the provisions of the code shall apply to students if the prohibited act(s) takes place while on properties immediately adjacent to school property, within the line of sight of school property, on school transportation, or if the act affects the operation of the schools.

This code shall also be inclusive for the right to exercise authority and for personal and property protection of administrators, teachers, librarians, or clerks, substitute teachers, teacher aides, monitors, authorized volunteers, tutors, secretaries, cooks, custodians, bus drivers, visitors, or other authorized school personnel, wherever the student's conduct may occur.
